

2016 NewsLetter

C.O.P.E.

Care. Organization. Public Enlightenment.
(Breast Cancer Awareness Network)

FROM THE PRESIDENT'S DESK.

To God be the Glory, we all survived the year 2015 which was memorable as the baton changed hands in the history of our country. I wish you all a happy and prosperous New Year.

This year's prediction is to tighten our belts as things will be tough, I believe that 2016 will bring loads of good tidings for those who believe in Him.

C.O.P E. also turned 20 in October 2015. Hurray! I am so ecstatic and thank God for the journey so far. I also appreciate all those who participated in one form or the other in our "10km walk with love" in marking our anniversary.

I am sincerely grateful for the immeasurable contributions of all the vibrant and energetic Board of Trustees, the very energetic members and staff of C.O.P E.

It was indeed awesome to see my chairman, Professor Osato Frank Giwa-Osagie participate in the **"10km walk with Love"**

Let me also applaud all the beautiful women who participated in the monthly screening we offer every 3rd Saturday of the month from 10am-2pm.

Furthermore, I am encouraged that our women are becoming a lot more proactive as some ladies get screened more than once being aware that early detection is of the essence.

Thumbs up to all the wonderful and beautiful ladies of our Support Group.

Unfortunately, we lost three of our Support Group members, I pray that their souls will rest in peace and Almighty God will comfort their families.

Sadly, I will miss them as one was my name sake.

I encourage more people to please join our "adopt a patient" program and ask God to bless those who have been supportive of this cause.

We also appreciate the following organizations and individuals for making 2015 a success:

- Skye Bank Plc
- Union Bank
- Citi Bank
- Broadband Technologies
- E-Medic Jobs
- X3m Ideas
- Camara Studio
